Student Name _____

Student/Mentor Work Log

Each student is required to spend a minimum of 15 hours working in direct contact with his/her mentor in order to receive credit for having completed Senior Project. Any student who has not completed 15 hours by the designated deadline must continue working on the Project until the required 15 hours have been completed, with a penalty of 20 points per day being applied to the eventual grade; failure to complete the required 15 hours within 5 calendar days of the due date will result in a grade of ZERO being recorded for the Physical Project portion of the Senior Project. NOTE: even if a student has surpassed the 5 day grace period and received a grade of zero, he/she is still required to complete 15 hours of mentor-supervised activity to turn in the portfolio and continue. To be allowed to continue with Senior Project, hours must be turned in to the English teacher not later than one [1] week before portfolios are due.
